As always, the standard six products will be included in the contest: butter; low, reduced and full fat Cheddar cheese; pasteurized, homogenized, 2% fat milk; vanilla ice cream; low, reduced and full fat cottage cheese; low, reduced and full fat strawberry flavored, yogurt with natural and alternative sweeteners. Eight samples of each product will be used in the contest, and it would be prudent to have several extra samples from which to make your selections for the competition.
